Primary (Years 1 - 8)	\$ 2.50
Secondary	\$ 4.50
Accompanying teachers/adults	Free
Self-guided*	Free

*Self-guided visits must be pre-booked

All MTG Hawke's Bay education programmes are delivered by trained museum educators, Gaynor Comley and Jenny Wake.

Quake '31

We have four programmes available for different age groups.
All include a visit to our 1931 Earthquake exhibition.

Quake '31: The day that rocked Thomas's world

Years 1 - 4

Thomas's birthday started well until the solid ground beneath his school began to rock and roll. It was the day of the 1931 Hawke's Bay earthquake and Thomas's hometown would never be the same again. Thomas's story is told using a unique Kamishiabai story theatre box. A visit to the earthquake exhibition follows the story session, where students will see real items from the earthquake, some featured in the story.

Quake '31: Resilience / Citizenship / Our Place

Years 4 - 8

Let us know your focus for a programme based on the events, causes and consequences of the 1931 Hawke's Bay earthquake. Alternatively, book our standard programme: After a short participatory drama, students hear stories of the heroism and determination of ordinary people caught up in a catastrophic situation. A visit to the exhibition and an interactive game highlight the need for preparedness and resourcefulness in difficult times.

Quake '31: Breaking News! NEW!

Years 5 - 8

Travel back in time to arrive in Hawke's Bay moments before the 1931 earthquake. Team up to report live from the scene as the disaster unfolds.

Drawing on images and stories in the museum's earthquake exhibition and archives, students research details of what happened on the day and collaborate creatively to record 'eye witness' accounts that can be edited into a full TV news report back at school.

Quake '31: Senior curriculum support

Years 9 - 13

Use our 1931 Earthquake exhibition and presentation...

- As part of research for the Level 1 NZQA Geography external paper AS 91007
- As inspiration for creative writing, dance, art, music or drama
- To support the History and Art History curriculum.

Depending on your focus and the time available, we offer a choice of activities after the main programme and exhibition visit, e.g. a class survival game on the interactive board, a short walk around the block to see sites discussed in the programme, or exploration of art deco design.

Years:	1 - 13
Dates:	Ongoing
Duration:	1½ hours
Venue:	MTG Hawke's Bay
Learning Areas:	Social Studies, History, Geography

Māui and Te Ao Māori

When Māui, legendary demigod and mischief-maker, fished up the North Island from under the sea, his enchanted hook became our coastline – from Napier to Mahia Peninsula. Drawing on the stories and taonga of Ngāti Kahungunu, we explore the beliefs, culture and everyday lives of local people in earlier times. We look at ocean voyaging and explore the connections between the ancient Polynesian world of the movie *Moana* and the Māori world, te ao Māori.

Years:	1 - 8
Dates:	Ongoing
Duration:	1½ hours
Venue:	MTG Hawke's Bay
Learning Areas:	Social Sciences, History

Out and About on Marine Parade

Marine Parade was once a dirt track. How did it get to be the way it is today? Where was Hukarere Pa? Who were the Clive flood heroes? Why did a 200-year-old cannon end up here? Explore extraordinary changes to Marine Parade over 150 years. Starting at MTG, collect a class set of maps, hi-vis vests and activity booklets containing historic images from MTG's archives. Set out in self-guided groups to compare 'then' with 'now' and sleuth out stories of Napier's past.

FREE!

Years:	4 - 10
Dates:	Ongoing
Duration:	2 hours (approx.)
Venue:	MTG and Marine Parade
Learning Areas:	Social Studies, History, Geography

George Nuku – Bottled Ocean

Based in France, artist George Nuku is coming home to Heretaunga for a month, and will be bringing his internationally successful 'Bottled Ocean' project with him. George uses his skills as a carver to sculpt aquatic artworks out of recycled plastic bottles, creating a captivating underwater world with a powerful message about the impact of plastic in the moana. Workshops and exhibition visits are available in two stages:

1. Participatory workshops led by George for local school classes (Year 4+) at MTG: Monday, 6 August - Friday, 17 August. Free of charge, expressions of interest to education@mtghawkesbay.com.
2. Exhibition visits as MTG education programme: Monday, 27 August onwards. Students enjoy the finished exhibition, learn about the art-making process, and finish by recording their responses to what they have seen. Usual costs apply.

Napier Port: Pilots and Wharfies

Beard up and become olden day port workers in role-plays that reveal the past, purpose and perils of Napier's old port at West Quay. Discover the role of our port as a gateway to the wider world, at MTG. Then hop on a bus for a tour of the modern port. We can take two classes at a time for this 2-hour programme.

Years: 4 - 8
 Dates: Ongoing
 Duration: 1¼ - 2 hours
 Learning Areas: Social Sciences, History, Drama

Napier Port: Interdependence of sectors

Using the Port of Napier as a case study for Economics AS 90988, we explore the role of our port as a 'firm' with interdependence on other sectors. This programme includes a short session on the history of Napier's Port in the MTG classroom, followed by a guided tour of the Port. An assessment task will be provided to support the trip and standard.

We book all transport for this trip and give you a quote.

Years: 11
 Dates: Terms 2 & 3
 Duration: Flexible – 1-1½ hours
 Venue: MTG and Port of Napier
 Learning Areas: Economics

Our People Our Place Then & Now

Years: 1 - 13
 Dates: Until 2 March 2019
 Duration: 1½ hours
 Venue: MTG Hawke's Bay
 Learning Areas: Social Sciences, Local History

Steadfast Steamers: Models of Hawke's Bay Shipping

Don your Captain's hats! Toot the ship's whistle! All aboard for a ride through New Zealand's coastal shipping history. See models of the steamships; learn about the history of coastal trade, parts of ships and the people who would have sailed in them. As part of this programme, students will find out how to research topics in the library, do a craft activity and visit the exhibition.

Years: 3 - 8
 Dates: Until 18 November
 Duration: 1½ hours
 Venue: MTG Hawke's Bay
 Learning Areas: Social Sciences, Local History

House of Webb: A Victorian family's voyage to Ormondville

Junior programme:

Meet the Webb family, who journeyed from Stockingford Vicarage, England in 1884 to Ormondville, New Zealand. Hear stories of their life in England, leaving home, life on board ship, arrival to Napier and the beginning of their life in a new country. Dress up in the clothes the children may have worn, role-play some of the everyday chores the children would have done like butter churning, ironing, and washing. Find out what life was like without electricity and visit the exhibition about the Webbs.

Senior programme:

The Webb family, like all migrants, faced enormous challenges when they came from England to start a new life in Hawke's Bay in the 1880s. Exploring their letters, diaries, sketches and other primary source materials will offer students vivid insights into the family's personal experiences as 19th century migrants, detailing their departure, the sea voyage, arrival in Napier and the impact of European settlement on the Seventy Mile Bush surrounding their new home in Ormondville.

Years: Years 1 - 6
 Dates: Until April 2019
 Duration: 1½ hours
 Venue: MTG Hawke's Bay
 Learning Areas: Social Sciences, Local History

Years: Years 7 - 13
 Dates: Until April 2019
 Duration: 1½ hours
 Venue: MTG Hawke's Bay
 Learning Areas: Social Sciences, History

Toi Visual Arts

Want to be an artist?

Explore artworks from our unique collection in a programme designed to get you inside the artist's mind and trying your hand in his or her chosen medium. We will develop a programme especially for you. Choose a starting point from this page or let us know another topic you would like to explore. OR you can free self guide. Call us.

Years: 1 - 13
Duration: 1½ hours
Venue: MTG Hawke's Bay
Learning Areas: Visual Arts

Patterns in Māori Art

Learn about traditional patterns and the inspiration for them in whakairo/carving, tukutuku and kowhaiwhai. Students will see examples in our exhibition and create their own design to take away.

Year 1 - 13

Brush to Canvas - Best of New Zealand Artists

See the real deal with work from our New Zealand artists. What drives them to put brush to canvas? Have a go at creating an artwork and see if it is as easy as it looks!

Year 3 - 13

Creating Colour

In this educator-led programme, we explore colour in art through practical activities and analysis of artists' work. We explore primary and secondary colours, tints, shades, tones, how colours make us feel, how to make colours and the impact of colours in selected paintings.

Year 4 - 10

Sketch your Heart Out

Sketching is a basic tool in the artist's toolkit. Learn some of the skills and uses of sketching then practice sketching around MTG.

Year 3 - 13

Pangseeseed Seawall Murals Walk and Talk

A guided walk in Napier's CBD to visit sixteen of these remarkable murals painted by local, New Zealand, and international artists concerned about the degradation of the sea and welfare of our sea creatures. The walk and talk is tailored to your curriculum focus, with a worksheet supplied if needed, and information/stories about the artists and processes involved. This programme relates strongly to the secondary art curriculum.

Years: 5 - 13
Dates: Ongoing, weather dependent
Duration: 1½ - 2 hours
Venue: Meet at MTG, then CBD Napier
Learning Areas: Art/Toi, Social Sciences, English, and Science

Free Entry

Self-guided class visits to the museum are free of charge. However, these must be booked in advance through our educators.

Discounted Travel

Nimon & Sons bus company offers discounted travel for all school groups visiting MTG. Phone Nimon's on (06) 877 8133 and quote 'MTG special' on booking.

Hours

Mon - Sun 9:30am to 5pm
